CATARRH

Positively Cured and Not One Drop of Medicine Taken Internally.

Immediate relief and cure for sufferers of Head Colds, Chronic Sore Throat, Congested Bronchial Tubes, Bronchitis, Laryngitis, Catarrhal Discharge, Asthma and Hay Fever. Not a medicine to upset your system, but simply a tablet which when dissolved in water makes a wonderful cleansing, soothing and healing antiseptic, which is especially adapted to the delicate membrane linings of the NOSE and THROAT, and when used with the glass nasal douche which we supply, or as a gargle, will immediately remove the mucus by thoroughly cleansing the breathing passages of the nose and throat, consequently affording the discharge and giving nature an opportunity to get the respiratory organs into a healthy condition. This can never be accomplished while the breathing passages are filled with poisonous discharge of the mucus membrane, and unless the breathing passages are cleansed and treated with a proper healing antiseptic a slight cold will invariably result in Catarrh, LaGrippe, Sore Throat, cold in head or chest, and frequently results seriously.

ORMSBY'S NASAL DOUCHE treatments will positively relieve immediately, and will cure all diseases of the nose and throat, and will give wonderful relief to sufferers of Bronchial troubles and tuberculosis of the throat and lungs.

To convince you that this advertisement states FACTS, sign the Coupon below, mail it to us with FIFTY cents, and we will immediately mail you a \$1.00 box of ORMSBY'S NASAL DOUCHE treatments containing Twenty-five treatments with glass nasal douche or forty treatments without the douche. The twenty-five treatments with douche will be mailed unless otherwise ordered. FREE—We will gladly mail you a valuable book with chart in five colors showing the Ormsby method by which diseases of the respiratory organs are treated.

One of the thousands of unsolicited testimonials we receive:
"Gentlemen:—Several months ago I was very much worried about a cold I had contracted and which had settled in my head, from which position it was apparently impossible to dislodge it. After suffering greatly for ten days or two weeks, a friend prevailed upon me to try Ormsby's Nasal Douche Tablets, with almost instantaneous results; in fact, the results were so extremely gratifying that I decided to continue the use of the Treatments in an endeavor to cure myself of catarrh, with which I had suffered for years and after taking the medicine according to directions for about six weeks I was entirely cured, and have not been able to detect the slightest trace of the disease since that time."

"I also recommended the use of the Treatments to a friend who had suffered for years with Asthma, and he has just left the office after informing me that the Tablets had actually cured him; that he had not felt a trace of the old trouble for more than two months, and that had been the longest respite he had had for about twenty years."
"Now, gentlemen, this is the first time in my life that I have ever recommended in any way a so-called 'patent medicine,' and I hope that you will take it as the evidence of one who sincerely appreciates the high merit of the article that you are placing upon the market as a curative agent. Very sincerely yours,
"JOHN R. MACLEOD, 1222 No. Bonnie Brae, Los Angeles, Cal."

At Williams School.

On Friday afternoon the patrons of Williams School gathered at the school house to spend a few hours listening to the little folks recite. Considering the weather, a fair crowd was present.

About 2 o'clock the teacher, Miss Grace McLain, made a few opening remarks, and printed programs were then distributed among the audience.

This program appears in another part of this paper.

Guy Randol was present with Edison phonograph, and treated the audience to several selections of good music between the acts. Among the numbers were "An Old-time Husking Bee," "The Preacher and the Bear," "My Uncle's Farm," "Good Evening, Caroline," "Uncle Josh's Adventures in a Department Store" and three band pieces.

By looking at the blackboard one could see that the teacher, Miss Grace, is something of an artist. Two pictures drawn by her would do credit to a professional. Miss Grace studied drawing at J. M. A. One of her pictures, "Waiting for Santa Claus," represented an old-time fireplace and iron, mantelpiece and all. On the mantle was a clock pointing to five minutes till 12. Four little stockings hung in a row along the mantle. The other picture was of old Santa just in the act of going down the chimney—snow on the roof, blue heavens, the pale moon in the distance. This drawing was in six colors, and was hard to beat.

One of the pupils, Marvin Williams, aged 13, drew one of the pictures after his teacher, the "Waiting for Santa." It was good only Marvin had but three stockings in the row where the original had four.

Most of the pupils are small.

All the members of the school board were present.

OLD SOLDIERS, ATTENTION.

Any old soldier who made a homestead entry of 40, 80 or 120 acres in any State in the Union before the year 1874 has a claim coming to him from the Government provided he has never sold this right or taken up another homestead.

It does not make any difference whether he proved up on his original homestead entry or simply left it.

A soldier who never made a homestead entry, or one who entered land after June 22, 1874, has nothing to sell.

We buy these claims. The widow or heirs of a soldier can also sell these rights.

January Woman's World.

It is always exorcisingly funny to see a man wash dishes. Rex Beach, who made a fortune from his "The Spoilers," "The Barrier" and "The Silver Horde," and who now receives upwards of 5c a word for his writings, contributes the leading article in the January "Woman's World," Chicago. The title is "Homeless Housekeeping," in which Mr. Beach graphically and humorously describes how men kept house in Alaska during the rush for gold. Every woman will enjoy reading "Homeless Housekeeping," and she will facetiously pass it along to the men members of her household.

The Woman's World contains for January, besides the lead by Mr. Beach, several short stories, including one by Mrs. Elia Peattie entitled "Ballinger's Bonds"; a poem, "In the Dawn of the Year," by Wilbur D. Nesbit; an article on the care of the hair, "Woman's Crowning Glory," by Julie Bottomley; a story of the leading play of the month, "The Dawn of Tomorrow," by Grace Williamson Willett; a beautiful child's story by Bertha Seavey Saunier; two pages of late fashions, the usual entertaining and instructive departments; an illustrated musical selection, and a goodly quantity of clean and inspiring literature, all for 25c a year. The Woman's World is edited by Byron Williams, whose editorial page under the heading "From the Mere-man Standpoint" is attracting unusual attention from women readers. Making Dreams Come True.

One of the newest of railroad presidents is Joseph R. Parrott, chief executive of the Florida East Coast System. His election to the office marks the fulfillment of a cherished dream of his boyhood. It is a fascinating story, as told in the January "Human Life," of typical American pluck and persistence in going after the thing one most desires—an Alger story from real life.

The keenness and enterprise of the young man attracted the notice of Henry M. Flagler, and he was selected to carry out the far-reaching and ambitious plans of the great financier, who had noted his facility in making splendid dreams come true.

The story of Aladdin is beaten to a frazzle by the work of Mr. Flagler and his tireless young lieutenant in transforming half a thousand miles of sandy waste in Florida into a garden of delight by the wonderful railway line that stretches boldly out into the islands of the sea, and by which, next February, it will be possible to go to Havana by rail.

Live Stock Market.

National Stock Yards,
Dec. 27.

Cattle receipts 4500; market opened active, and nearly everything sold 10c higher than the close of last week. Late in the day the demand was very light, and the few cattle left over for the late market sold rather unsatisfactorily.

Hog receipts 7000; quality common. Market 10 to 15c higher; top \$8.55; bulk \$8.35 to \$8.45. Sheep receipts 500; market 25c higher. Top lambs \$8.25; top yearlings \$7.25; top sheep \$5.50.

Prospects only fair for all kinds this week, and we do not look for heavy supplies of any kind, but the offerings of holiday game and poultry will keep demands down to small proportions.
